# “Love in the World, Love in the Peach Blossom Land” Chico Shin-Tai Career Path in Art Paiting

Shih-Tai Chiao is a vital senior in the art field of Taiwan, constantly competing with himself and time, always full of vitality for art creations. His unique style and diversified media range from impressions to abstractions, from ink colors to oil paintings, as well as complex media to 3D creations. He often says: “What can be seen is temporary, the invisible is eternity.” In this exhibition, one can see him losing the border of time in the steps of art creations, painting freely without restraints.

“My heart controls the art”. To him, art is free and borderless, one can only unveil innovative layouts by surmounting oneself.
